About Me

Driven and adaptable individual with a proven potential to grow both personally and professionally. Passionate about MERN stack development and dedicated to honing skills in order to contribute to impactful projects.

Work Experience

2023
RDX (Intern)
Ui/Ux Designer

During my UI/UX internship at RDX, I had the opportunity to:
- Collaborate with a team to create attractive and modern designs for websites and mobile applications.
- Actively participate in brainstorming sessions, contributing innovative ideas and concepts.
- Translate client requirements into visually appealing and user-friendly designs.
- Gain hands-on experience in UI and UX aspects, using industry-standard design tools.
- Collaborate with developers to ensure seamless implementation of designs.
- Seek and incorporate feedback from team members for continuous improvement.
- Deliver high-quality designs within specified timelines, contributing to project success.
- Enhance skills in UI and UX design principles, usability standards, and industry best practices.
- Gain valuable industry insights and grow alongside experienced professionals.
